

What's awkward, hard to talk about, and totally weird...but happens to everyone?

PUBERTY

PUBERTY CLINIC: PART 1

Far from your average health class, this clinic is designed for students of all abilities and will foster confidence and competence in a way that is fun and comfortable.

YOU'RE NOT ALONE

Our first clinic will cover body changes, body parts, and the differences between children and adults. Add to that a healthy dose of activities fostering self-esteem and self-confidence. Most importantly, your child will know that they are not alone in this process. Join us!
