

# SPECIAL EDUCATION FORUM FOR PARENTS

The last Wednesday of every month September 2025 - June 2026, 8:00 p.m. - 9:00 p.m.

The Special Education Forum is an opportunity for parents and caregivers to share information amongst each other and gain insight from Nancy Farnsworth, Autism Connections' Information and Resource Coordinator.

Join the Zoom meeting for a conversation about experiences, concerns, problem solving and success stories in a safe and supportive environment. The group's concerns determine the topics of the meetings, while Nancy provides educational updates for that month.

### Important information about the Forum:

- The Forum is for parents/caregivers only and registration is required.
- The meetings will not be recorded, to respect private conversations.
- Any handouts discussed during the meeting will be emailed within a few days to attendees.
