

Dear Civil/Construction Engineering Company,

The University of Akron American Society Of Civil Engineers (UA ASCE) is hosting a Golf Outing on April 22nd, 2017. We would like to invite you to support this worthwhile event through your sponsorship.

This event is going help UA ASCE raise funds for the Concrete Canoe and Steel Bridge Design Teams. These teams strive to take the knowledge that they gain in the classroom and apply it in unique and different ways. The Concrete Canoe Team creates floating concrete and forms it into a canoe. At competition, they then race the canoe with 4 team members as the paddlers. The Steel Bridge Team uses advanced computer programs to design a 20 foot long steel bridge. They then fabricate and weld the bridge themselves. At the bridge competition, they are tested on construction speed, deflection of the bridge, and total weight.

In addition to making this event great, it is a fantastic way to market your company. Hole sponsorships will be \$100 per hole. In return for your donation, your company name and logo will be advertised at a hole, as well as on a poster that will be displayed throughout the entire event. We are a 501(c)(3) non-profit, tax exempt organization and our federal tax ID number can be found below. If you wish to become a hole sponsor, please fill out the form below.

We value your help in making this event a success. If you have any questions, please do not hesitate to call Chuck Vickers at 216-392-3464 or email him at cev11@zips.uakron.edu. Thank you for your support of The University of Akron American Society of Civil Engineers.

Sincerely,

Chuck Vickers

☐

I would like to sponsor \$100 to help The University of Akron American Society of Civil Engineers Golf Outing.
