February 2026 Vice President's Report

At the Board of Trustees February meeting, the Board reviewed our strategy for 2026. "The Board of Trustees of the Episcopal Diocese of Northern California is committed to support, empower and lift up our congregations; to find common ground, to ask why as we listen and share our missional stories; and to work together to grow disciples and build up the body of Christ. The Board of Trustees has committed to strengthening the work of the church in the following areas:

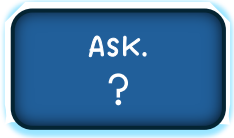

Support Congregational Vitality.

Empower Regional Relationship.

Lift Up Lay Leaders.

Ask Why. Listen and Share Our Missional Stories."

The Future Financial and Missional Planning Subcommittee, formed by the Resolution to Refer measure R-2 from the 2025 convention regarding apportionment reform, gave their first report to the Board of Trustees. The subcommittee has met and has changed their name to the Mission Apportionment Process (MAP) subcommittee. They feel this name is both easy to remember and more accurately reflects their work. The MAP subcommittee established their working groups. To keep up to date on the work of the MAP subcommittee, be sure to visit the Board of Trustees page on the diocesan website (Board of Trustees - The Episcopal Diocese of Northern California).

Margie Harrison-Smith
Vice President
