- Spiritually Sustainable Earning is earning that meets our emotional, mental, physical, and spiritual needs in alignment with our Higher Power's will for us. This is a 'movement' within the fellowship that supports both D.A. and B.D.A. fellows alike and is represented at WSC by a Caucus.
- This fellowship wide call will present four speakers, each addressing one of the four Warning Signs vs the Signs of Recovery as they relate to one's Physical, Mental, Emotional, and Spiritual health.

Make a Difference Today! Donate via Debtors Anonymous to support this vital part of D.A.'s global fellowship. Together, we can ensure every meeting is heard. Thank you for your generosity.

Excess funds from meetings can go directly to another meeting or to the John H.Scholarship fund. Please consider sharing your generous resources with others and with D.A.
