

**SCOTT HUTCHENS, P.E.**

Director

Des Moines Metropolitan Wastewater Reclamation Authority

Scott has been involved in the wastewater industry for over 30 years and was appointed as the WRA Director in January of 2015 and oversees the operation, maintenance, planning, organizing, and directing of the WRA. His experience includes construction project management as it relates to the WRA treatment facility and conveyance system, developing and administering a capital improvement program for the WRA and acting as lead project engineer for all WRA construction projects. Mr. Hutchens is currently a Licensed Professional Civil Engineer in the State of Iowa and is a member of the American Public Works Association, Water Environment Federation and the American Society of Civil Engineers. Mr. Hutchens earned a Bachelor of Science degree in Construction Engineering from Iowa State University in 1987.
