**\*\* Cedar Yurts Unveils Revolutionary 80-Year Lifespan Yurts with Metal Roofing\*\***

Parksville, British Columbia March 27, 2024 - Cedar Yurts (a division of 1229156 B.C. Ltd.), a leader in sustainable housing solutions, is excited to announce the launch of its new line of cedar yurts designed to last for 80 years +, thanks to the incorporation of our insulated log and standing seam metal roofing. This groundbreaking design is set to redefine the standards of eco-friendly yurt living and long-term durability in alternative housing.

**\*\*Innovative Design Meets Timeless Tradition\*\***

The new yurt model combines the traditional circular structure with modern materials, offering unprecedented longevity and resistance to the elements. The standing seam metal roof not only provides superior protection from leaks but also adds an aesthetically pleasing element to the yurt's design.

**\*\*Sustainable Living for Future Generations\*\***

Cedar Yurt's commitment to sustainability is evident in the choice of materials and the yurt's design. The metal roofing is fully recyclable, reducing the environmental impact and ensuring that the yurt remains a green housing solution for decades to come.

**\*\*Availability and Customization\*\***

The 80-year lifespan yurts are now available for order, with a variety of customization options to suit individual preferences and site requirements. Cedar Yurts specializes in replacing leaky soft wall yurts and is dedicated to working closely with clients to create a living space that is both functional and harmonious with nature.

**\*\*About Cedar Yurts\*\***

<http://cedaryurts.com> and <http://oneofakindcw.com> has been at the forefront of yurt innovation for 14 years in business. With a focus on quality, sustainability, and customer satisfaction, Cedar Yurts continues to push the boundaries of what is possible in alternative living spaces.

For more information about the new yurt models or to place an order, please visit [<http://www.cedaryurts.com>] or contact David Byers at 1-250-415-9628.
