

Protect Your Park with Signature Park & Signature Pay

Signature Park is the only commercial insurance program built exclusively for RV parks, campgrounds, glamping sites, and seasonal resorts in Canada. Our specialized coverage addresses real exposures at your park, including property, liability, business interruption, amenities, and guest activities — not just generic "off-the-shelf" insurance.

Get a free quote through your existing insurance broker and see how a tailored policy can improve protection while keeping your premiums competitive. Asking for an alternate quote is essential; not all policies are created equal, and a side-by-side comparison often reveals gaps, limits, or exclusions that could cost you dearly after a loss.

With **Signature Pay**, you can spread your annual premium over convenient monthly payments at the lowest insurance finance rate in Canada, helping your cash flow without sacrificing coverage.
