4. **Supply Chain Operations Kannapolis, NC** – Leader has requested below:

The Novant Health Supply Chain team is seeking a highly motivated, energetic and outgoing intern with a strong interest in Supply Chain logistics, finance, procurement, operations, technology, sourcing, and/or data analytics. The intern will assist in developing and managing strategies and tactics designed to improve the strategic direction, positioning, and performance of Novant Health and its affiliated organizations. The internship provides an opportunity for proactive individuals to gain valuable hands-on Supply Chain experience for a multi-state healthcare system. Roles and Responsibilities:

- Assists supply chain management with various special projects, reports, communications, analyses, and processes.
- Participate in group meetings, research, administrative processes, and customer service.
- Utilize supply chain knowledge and challenged to maximize your learning agility as you contribute to the team in developing innovative solutions.
- Provide regular updates on progress of assigned tasks to your intern host.

#### Qualifications

Education: Enrolled in an accredited college or university (REQUIRED)

Preferably in related field- Supply chain management, supply chain operations, management information systems, business administration, health administration, finance

#### Skills Required:

- Ability to use Microsoft Office Suite (Excel, Word, and PowerPoint)
- Minimum GPA of 3.0
- Superior strategic thinking and problem solving skills
- Ability to work both independently and as part of a team
- Strong relationship management and interpersonal skills

- Ability to balance multiple priorities and meet deadlines
- Ability to communicate clearly and concisely, both orally and in writing
- Ability to grasp/understand technical concepts and applications

5. **Government Relations Cary, NC** – Leader is interested in:  
A student with a public policy, political science, law, government, or related background would be ideal. A strong writer with strong analytical and verbal communication skills. Proficiency with the Microsoft office suite, especially PowerPoint. I'm not sure what the correct "HR" words are, but someone personable and able to engage with people in a variety of settings from varying backgrounds. Interested in careers in politics, healthcare policy, lobbying, advocacy, government, and public relations/communications or related fields a plus.
