- Training, curriculum, and on-site support from a Program Coordinator are provided by Heart Tutoring.
- 99.7% of volunteers rated their experience as positive of 1,985 volunteers surveyed to date.
- 98% of students have met growth goals on pre- and post-assessments. (See reverse side.)

“My students look forward to going with their tutor every single time. It’s amazing to see all the growth they can make in one year! The tutors truly care. They are encouraging and help them build academic confidence. It is so important for our students to feel loved and confident in school and Heart definitely fosters that.”

-Ms. Hammond, 4th grade teacher at Sterling Elementary

# VOLUNTEER WITH HEART TUTORING!

## The Need

Without intervention, scores decline as course complexity increases. Gaps can be addressed through hands-on activities with tutors.

## Program Outcomes

- ▶ **98%** of over 2,400 students to date have **met program growth goals in math** set with guidance from elementary math specialists at UNCC and CMS.
- ▶ **92%** of teachers observed an **increase in student confidence/enthusiasm toward math** as a result of Heart, and 63% reported students are more confident in subjects *other than math*.

## Volunteer Partners

Volunteers from the organizations below worked in pairs and groups to support students in 2018-19.
