

TRAP SHOOTING

WITH PMIS & LA/NTMA

This fundraising event will help us secure more funding for Manufacturing Scholarships!

Presented by

Join LA/NTMA and Industry Partner, Precision Manufacturing Insurance Services, for our inaugural trap shooting event at Prado Olympic Shooting Park. Bring your own weapon or use the facility's equipment.

Teams of 5 will rotate throughout the afternoon with lunch, awards, and raffle prizes that will help benefit the California Manufacturing Workforce Foundation.

This event includes a shotgun, 2 boxes (25 ea shells), lunch, 2 rounds of trap shooting, networking, a silent auction, raffle prizes, and more! A portion of our proceeds benefit the California Manufacturing Workforce Foundation.

The California Manufacturing Workforce Foundation is helping bridge the gap with workforce shortages in the manufacturing industry.

Our Foundation gives \$500 scholarships to those students in or going into, manufacturing training. Support our Foundation with a donation today.
