FEEDING MINDS FILLING BELLIES

By partnering with The Giving Tree and GIANT, local students create a hands-on service project that educates them about hunger and food insecurity among families in our area.

- Students make food bags for families visiting food pantries.
- Schools are encouraged to involve families by making additional bags at home.

Become a SPONSOR and promote your business to local schools & families in our community.

** See attached sheet for details on sponsorship levels*
