Zoar Cemetery Monument Restoration

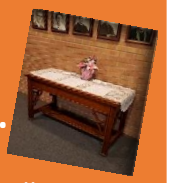

The Zoar Cemetery Board has undertaken a project to restore some of the damaged and leaning monuments in the cemetery. Hilgendorf Memorial Company has been contacted to perform the work beginning this summer and fall, weather permitting. Their workers remove the monuments, level the area and provide a masonry footing prior to replacing and re-sealing the joints of the monuments. The cemetery was fortunate to receive contributions from the Endowment Fund, the Special Gifts Committee and the family of Luvilla Hofschild to enable scheduling the first phase of the project. There are 20-25 monuments in need of repair. The first phase will target 10-15 of the most critical monuments.

The estimated cost of phase I is $2500-$3500. We have $3000 allocated to begin work this year but would like to raise funds to continue and complete the work in the future. The cemetery board would welcome any contributions to this project. If you are interested in supporting this project or have any questions, please contact the church office and they will help connect you with someone from the cemetery board.
