

RECENT STATE OF FLORIDA GOVERNMENT ACTIONS

Public Health Advisory | Executive Order [20-83](#) | In response to President Trump's "15 Days to Slow the Spreader" guidance, Florida has issued a public health advisory to several groups. The advisory directs citizens over 65 years old or with severe underlying health conditions to stay home and continue taking safety measures to avoid exposure to COVID-19. The advisory also limits social gatherings to less than 10 people and advises citizens to work remotely where possible.
