

Reopen Wrangell Survey for Wrangell Businesses

The Reopen Wrangell Taskforce is intended to assist businesses to restart, reopen and revive the Wrangell economy. The taskforce understands that this has been a very confusing and economically difficult time for businesses and will continue to be as we navigate the new health mandates issued by Governor Dunleavy to Reopen Alaska. Reopening will look different for every business. The taskforce is here to help you navigate through the mandates, identify ways to help you during the transition, and answer questions that you may have.

The taskforce is comprised of Independent Business Owner, Community Member, Assembly Member, WCA Tribal Administrator, Chamber of Commerce Executive Director, CBW Department Directors, Emergency Operations Center staff, and Police Chief.

The taskforce has been working diligently to develop the necessary resources to assist businesses to be able to craft -COVID-19 Safety Mitigation plans, obtain signage for storefronts, identify sources for hand sanitizer or other required equipment, or assist however feasible to help you gain traction while adapting to the new regulations.

The taskforce acknowledges the economic and emotional hardships businesses have been forced to endure during this time. It is these impacts to our fellow Wrangellites. and the economic engine of our
