

Society of Saint Vincent de Paul Chicago - Twinning Program

Co-pays. Twinning. The terminology gets a bit confusing at times.

Click [HERE](#) to get the true definition.

However, what it all comes down to is something we all learned in Kindergarten – *Sharing!*

Having such a large area in our Archdiocesan Council, all of Lake and Cook County, it is no surprise that we have a full spectrum of financial situations amongst our Conferences.

Some of our Conferences are blessed with more funds and less calls for help and others are blessed with more calls for help and less funds.

This program will allow those Conferences who need a little financial support to add their names to our list so Conferences looking to help from their blessings can contact them and create a relationship that will benefit the neighbors who come to us.

Like my Kindergarten teacher used to say, “*Sharing is Caring*” and I’d like to add, it is also helping those in need with the Faith that our fellow Vincentians care as much as we do and will be good stewards of the funds we entrust them with. The same faith our benefactors give us.
