- MREB Board of Directors

I have served at various levels of organized real estate as Director of the Mississauga Real Estate Board, Chair of various committees at MREB and TREB as well as other boards. Serving my fellow REALTORS in the Mississauga area would be an honor I look forward to once again be trusted with.

I believe my experience and my skills would benefit our MREB membership as their representative on the Board.

Since my start in real estate with Royal LePage in 2002, I have sold and my experience spans the residential commercial and investment markets. I have been managing since completing my education in 1987 (in Mechanical Engineering).

Managing in real estate since 2008 small downtown Toronto office, large Mississauga area office and our largest luxury real estate office in central Toronto (J&D brand).

I am a proud father of two awesome children. A motorcycle enthusiast, SCUBA instructor, a real estate coach and a fellow REALTOR.
