

This has been the most
challenging and difficult time
in the lives of my children
and I. The genuine kindness
and nonjudgmental understanding
that has been shown to us is
something we've never known.

This experience has helped me to
grow as an individual, as a
mother, as a woman. I am
so grateful for everything!

When I leave and get settled I
am coming back to donate

Pay it forward! It will
mean so much to give back!
I can't say thank you enough!
