Institute III: Engaging Parents and Caregivers as Partners in Virtual Learning

Presented by Brandon A. Cruz, David Luhman, and Eleanor Friedman

Virtual Access Only Via Zoom

Parents and caregivers are a child's first teachers; and, especially during virtual learning, they are an integral part of the child's educational experience. In this session, participants will learn ways to engage parents and caregivers as partners in virtual learning, develop effective communication to deepen understanding of the distance learning experience, and outline methods to develop a consistent communication plan. Participants will create opportunities for parents to engage and connect, including virtual book clubs or group discussions, and invite parents to engage with the virtual learning experience.

By the end of this session, participants will:

- Learn concrete ways to successfully engage parents and caregivers.
- Consider the unique characteristics and needs of families of ELLs and SWDs and ways to meet those needs.
