Use CertifID Match to verify your identity.

Why should I verify my identity?

Scams are a risk in all corners of our lives, and real estate is no different.

If you're a homeowner, buyer, or seller - you deserve to know that your real estate professionals are keeping you safe during a transaction.

With a selfie and scan of your ID card, you can quickly complete the identity verification step that is increasingly becoming standard practice in any safe real estate transaction.

Why we partner with CertifID

CertifID is the nation's leading wire fraud prevention solution. We use CertifID's Match feature to verify identities and help prevent fraud.
