

Linda Wilson-Director of Finance Systems and Services

I have been at Gonzaga for 17.5yrs in various positions of Finance. I currently manage Gonzaga University financial systems and related services. I am fortunate to lead a high performing team of functional business analysts and system administrators responsible for Banner Finance, Payment Systems, Concur Travel &Expense and Concur Invoice and related system integrations.

As a season ticket holder for both, Linda considers herself to be one of Gonzaga Men's and Women's basketball fan. Bucket list item checked when I had the opportunity to attend the 2017 NCAA Final Four Tournament.

It was with mixed emotions that I retire from this position effective 10/2/2020. These were some of the best years of my life!
