

**Joseph K. Goodman**

Joseph K. Goodman is in his 20th year at Virginia Tech, serving the last twelve years as the IT Security and Compliance Manager for the Division of Outreach and International Affairs (OIA).

Much of Joseph's work is focused on IT and business compliance requirements for PCI-DSS, FERPA, HIPAA/HITECH, FOIA and some NIST 800-171. At Outreach and International Affairs, Joseph developed, implemented and maintains a PCI-DSS compliance program for Continuing and Professional Education, the Global Education Office, the Inn at Virginia Tech and Skelton Conference Center and the Language and Culture Institute. As part of that implementation, he wrote and maintains the information security policies and procedures now used by all OIA departments.

Joseph also serves on the board of directors for Virginia's First Regional Industry Facility Authority, Pepper's Ferry Regional Wastewater Authority, Pulaski Redevelopment and Housing Authority and previously served two terms on the Pulaski Town Council. Finally, he serves as the Director of Information Technology for EAC2 Consulting which ensures customer success in integrating payment solutions for a national payment platform designed for non-profits. In his spare time, Joseph dabbles in construction and designing and deploying networks for area businesses.
