

# Rules Modifications & Guidelines

## Golf

Fall 2020

### General Information

Every school district/program should consult with their local health department to determine which risk level to start this program safely. Continued consultation with local health department should be used to determine when progression to the next risk level can be initiated.

This document is to be utilized in compliance with all EEA, DESE and DPH guidelines in place.

#### Pre-Workout/Pre-Contest Screening:

Athletes and coaches may not attend practices or games if they are isolated for illness or quarantined for exposure to infection.

Prior to attending practices or games, athletes and coaches should check their temperature. If a student-athlete or a coaching staff member has a temperature of 100 degrees or above, they should not attend practices or games. Likewise if they have any other symptoms of COVID-19 infection (<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>), they should not attend practices or games. Student-athletes and coaches who have symptoms of COVID19 infection should follow DPH guidance regarding isolation and testing.

For students with symptoms who test negative for COVID-19 infection, they may return to sport once they are approved to return to school (when afebrile for 24 hours and symptomatically improved).

Student athletes and coaches who are diagnosed with COVID-19 infection may return to school once they have been afebrile for 24 hours and with improvement in respiratory symptoms, and once ten days have passed since symptoms first appeared, according to DPH guidelines. In addition, persons with COVID19 infection need to receive written clearance from their health care provider in order to return to sport.

Student-athletes and coaches who were exposed to COVID should not participate in practices or games until their 14-day quarantine is completed.

Vulnerable individuals can resume public interactions, but should practice social distancing, minimizing exposure to social settings where distancing may not be practical, unless precautionary measures are observed.

#### Cohorts and/or Participants:

A record should be kept of all individuals present at team activities i.e. – practices, practice cohorts, competitions, etc.

#### Social distancing:

- **Practice** – Coaches are responsible for ensuring social distancing is maintained between players as much as possible. This includes additional spacing between athletes while stretching, warming up, chatting, changing drills, etc. Athletes must

maintain spacing, and there should be no congregating of athletes while running drills. Workouts should be conducted in ‘pods’ of athletes, with the same 5-10 athletes always working out together. This ensures more limited exposure if someone develops an infection. Records should be kept of who is in each group, each day.

- **Locker Rooms** – Locker rooms and changing areas may be used but should be limited to 50% capacity. Facility Operators should ensure that users can abide by capacity restrictions and social distancing standards and establish signage and visual guidelines. Signage should remind users to limit time spent in enclosed area. If locker rooms are utilized, staggered use based on time and distance is recommended.

When possible, students should report to workouts in proper gear and immediately return home to shower, clean clothing, and equipment at the end of every workout.

- **Practice Field/Course** – Only essential personnel are permitted on the practice/competition field. These are defined as athletes, coaches, medical personnel/athletic trainers, and officials (competition). All others (i.e. managers, photographers, media, etc.) are considered non-essential personnel and are not to be on the field of play.
- **Personal Items** – All personal items should remain in the athletes’ personal golf bag when not in use.
- **Spectators** – (If permitted on the golf course) Spectators must practice social distancing between different household units and accept personal responsibility for public health guidelines. The number of spectators is determined in compliance with EEA, DESE and DPH guidelines.
- **Media** – All social distancing and hygiene guidelines for spectators must be followed by media members planning to attend games. Media members should contact host school administrators prior to arriving at games to plan appropriate entry and available workspace.

#### **Practice and Game Protocols:**

- **Masks/Face Coverings** – Athletes are required to wear cloth face coverings/masks per EEA guidelines. Gaiters are acceptable. Face coverings comprised of multiple layers and a tighter weave are more effective and preferred. See Golf Specific Modifications for additional face covering guidance.

Caution should be exercised when replacing a mask if hands are soiled or dirty. For individuals that are unable to wear a face covering due to a medical condition or disability. (Coach must possess the medical note/documentation excusing the player from wearing a mask)

It is the responsibility of the head coach to monitor and ensure that all players not on the playing field are wearing face coverings as required. A game administrator, home athletic director, or other designee may also assist in monitoring this.

Coaches and officials are also required to wear face coverings. Coaches and officials may remove their face covering briefly for a “break” at any point during play when they are socially distanced greater than 6 feet. Spectators, workers, and others are required to wear face coverings and they are expected to follow social distancing guidelines.

- **Player habits** – Coaches should work to break old habits and create new ones to minimize the spread of the virus. Spitting, nose clearing on the course, licking fingers,

and spitting on gloves during practices and competitions is not permitted. The habit of minimizing any touching of the face and covering the cough should be practiced.

- **Interaction with Officials** – Coaches must follow social distancing guidelines (6 feet) when interacting with an official or any other individual. Conversations can occur at a distance. Athletes should not approach an official closer than 6 feet at any time.
- **Hand sanitizer and/or sanitizing wipes** – Athletes, coaches, and officials are encouraged to provide their own hand sanitizer (at least 60% alcohol) and/or sanitizing wipes and use them frequently – including prior to practice/competition and after. Additionally, it is emphasized to avoid touching the face throughout practice and competition.
- **Pre-Game Introductions and Preparation** – If pre-game meetings are necessary, they should be held with limited team representation – a single coach, single captain, etc. At the pregame meeting all participants will be required to wear face coverings and to socially distance from all participants

If a school chooses to do introductions, players will take their position on the tee prior to being introduced. Introductions are suggested to be limited or eliminated to decrease time of athletes on the competition field.

- **Post-Game Procedures** – Refer to Team Handshakes in this guidance. Recognition of the other team, coaches and/or officials should be done from a distance greater than 6 feet and should not delay departure from the competition venue. Teams and group of players should maintain social distancing and/or staggering departure times at the conclusion of the contest.

#### **Equipment:**

- **General Equipment** – There should be no shared athletic equipment. Any equipment that is used for practice should be cleaned and disinfected prior to and immediately following practice.
- **Personal Items** – Shoes, clothing, towels, and other personal items must not be shared among athletes. Any items that are not currently being worn/used should be stored inside a personal gym bag or golf bag. If separate gym bags are used by players, they should be placed in a predetermined area.

#### **Hydration:**

- All students must bring their own water bottle. Water bottles cannot be shared.
- Hydration stations (water cows, water trough, water fountains, etc.) should NOT be utilized.
- Water fountains are to be used as refill stations ONLY.

#### **COVID-19 Coach:**

- It is recommended that schools could designate a coach to be responsible for responding to COVID-19 concerns.
- All coaches, staff, officials, and families should know who this person is and how to contact them.

- Train coaches, officials, and staff on all safety protocols. Conduct training virtually and ensure that social distancing is maintained during training. (NFHS COVID-19 FREE Course)

**Golf Bag/Gym Bag:** (Supplies recommended for a personal bag)

- Reusable facial covering(s)/mask(s) – The mask/face covering must be worn at all times when not playing on the golf course. See Golf Specific Modifications below for further guidance about face coverings.
- Athletes are recommended to always have a personal bottle of hand sanitizer available. There will be less chance of possible cross contamination and less time standing around waiting to use a shared hand sanitizer. Be sure to have this inside a sealable bag, in case it leaks. This will be used when you enter and exit the practice/competition site, and at other necessary times in between.
- Athletes are recommended to have disinfectant wipes for personal use. When using a restroom area, it is best to disinfect any surface that may be touched, before and after using the facilities.
- Athletic braces, tape, inhalers, or any other sports-medical item used before, during or after practice/meets should be stored in a personal golf/gym bag when not in use.
- Any other item that is deemed necessary for practice or competition must be stored in the golf/gym bag when it is not being used

\*\*Everything inside the golf/gym bag must be disinfected after every practice and before return to practice again. Be sure to spray the inside and the outside of the bag as well. This is for everyone's protection.

**Golf Specific Modifications**

**Individual Player Safety Responsibilities Throughout the Season:**

- Players should not be using the Clubhouse, except for use of the restrooms, one by one.
- There will be no handshakes, fist, or elbow bumps among players.
- All players must use their own equipment and golf balls. Players should not handle or touch other players golf balls or equipment
- All safety protocols put in place by the golf course must be followed.

**Coach Responsibilities:**

- Prior to each match, visiting coaches should send a list of participants to the home coach. The home coach should send a copy of the local rules to the opposing coach to eliminate the need for any handouts, other than scorecards.
- All coaches should make sure that their players are familiar with the Rules of Golf and Golf Course modifications specific to Covid-19, especially free relief for disturbed areas in the bunker and not touching the flagsticks.

**Mask and Social Distancing Protocol:**

- Upon arrival at the course, face coverings must be worn and social distancing of six feet must be practiced in all common areas of the golf course, including the driving range and practice greens.
- Removal of face coverings is permitted during competition but must be returned to the face anytime players need to be within six feet of each other. Players should be especially cautious of small or narrow areas i.e. bridges or narrow walkways as well as travel from the green to the next tee.

- If social distancing prior to the match is not possible due to space constraints, then participants should remain in or near their mode of transportation until it is time to move to the 1<sup>st</sup> tee. The home coach is responsible for enforcing all regulations.

**Event and Scorecard Protocol:**

- When directed to, each group of players will move to the 1<sup>st</sup> tee, remaining socially distanced. Scorecards and pencils will be handed out to players by the home coach who will wear protective gloves during the process. Each player will receive a scorecard as the Marker for another player's score and should also note his/her own hole by hole score as well. At no time will players exchange score cards.
- Single tee starts should be staggered, at a minimum of 10 minutes between groups to support social distancing.
- Social distancing must be maintained throughout the round and all Covid-19 course regulations followed. Coaches are encouraged to travel throughout the golf course during the match to ensure that all participants are following all safety guidelines.
- At the conclusion of each round, the Marker will put his/her signature on the scorecard that has been kept with the other player's score. The Marker and the player will then report to a designated scoring area and hand the scorecard to one of the coaches who will be recording the scores. The player will then verbally confirm his/her score. Throughout this process, social distancing should be maintained, and face coverings should be worn. The coach will be wearing protective gloves to receive the scorecards.

**Post-Match:**

- Once scores have been officially recorded each group of players will then return to their mode of transportation.
- District and/or school transportation regulations are expected to be followed.
