The Festival du Bon temps Par-en-Bas is an activity of the Conseil acadien de Par-en-Bas (CAPEB), organized in collaboration with several partners. It aims to promote our local artists and Acadian artists from Nova Scotia in the performing arts (music, dance, theater, improvisation, storytelling, etc.) and visual art (painting, photos, quilts, etc.). It also aims to organize activities in French for all ages as part of the Rendez-vous de la Francophonie in order to celebrate the fact that we speak and live in French.
