Out The Door Blessings

Below are thirteen out-the-door blessings to text to families each Monday morning.
Some tips:

- Use your church's automated email or text service and preset these to go each Monday morning at 7:15 am. (Families are using texts more than emails at this point, but if you don't have a text service, email will also work.)
- This document is designed so you can just copy and paste these directly into the message.
- Encourage families to pray these blessings over each other; they're not just for parents to pray over the children! There is power in the mutuality of the blessing!
- Be sure you have asked families if they would like to receive these. You want them to opt in and trust what you send to them. Just sending to everyone may cause people to keep their contact information to themselves.
