

APPLYING FOR A CDA?

REQUEST A PDIS CDA TRANSCRIPT

The Child Development Associate (CDA) is a nationally recognized credential awarded by the Council for Professional Recognition. It is one of the **Early Childhood Teacher qualification pathways** in Colorado. One requirement to earn a CDA is that candidates complete 120 hours of early childhood training.

You can now request an official version of your PDIS transcript to submit with your CDA application. This transcript lists all PDIS courses that will count toward the CDA credential you are applying for. Simply submit it with your application to earn credit for this professional development. You will not need to submit individual course completion certificates for any course listed on the official PDIS CDA Transcript.

If you are applying for a CDA, request an official PDIS CDA Transcript to submit to the Council for Professional Recognition with your application.

To request a PDIS CDA transcript:

- Go to the Learner Home page in your PDIS account (from the Learning menu)
- Select the CDA Transcript Request button in the Tools section
- Complete and submit the request form
- The CDEC team will generate the transcript and upload it to your PDIS account

To learn more about the CDA, visit **The Council for Professional Recognition**.

Are you seeking a CDA Professional Development Specialist™?

Contact Geanina Brown for assistance and guidance through the CDA process.
