SESSION LINEUP:

Morning Sessions:

Foundations of Early Childhood
Brain Development:
Trauma-Informed Strategies for Nurturing
Resilience

This session covers early childhood brain development and trauma's impact. You'll learn strategies to nurture resilience and foster hope, helping children thrive in supportive environments

presented by

Featuring
Rebecca Armentrout

Afternoon Sessions:

Session 3: Teaching and Supporting Self-Regulation with Toddlers & Preschoolers with Lannae Jenkins, MA, ESCE

This practical and evidence based approach to teaching self-regulation to children 1 and up will leave teachers with tools they need to support the big emotions the young children have. It will include preventative and reactive strategies and environmental supports and resources to help you implement strategies easily in a classroom or home setting.

Session 4: Hands on Stem by The Science Fairy Laura Weilert
