

Tomar la autoevaluación en “My Professional Development Plan”

Como parte de su “Professional Development Plan”, puede evaluar sus conocimientos como educador, instructor o capacitador.

1. Seleccione el botón de “Main Menu” (tres líneas)
2. Amplíe el menú de “Professional Development” (al seleccionar la flecha hacia abajo)
3. Seleccione “Professional Development Plans”
4. De forma alternativa, seleccione “Update My Plan” en el Dashboard

Notas

El “Main Menu” es la mejor forma de recorrer el PDIS, pero puede navegar a algunas áreas a través del Dashboard.

Self-Assessment Summary

The best way to plan where you'd like to go is to learn where you are right now. Start here by evaluating your strengths and opportunities for growth as an educator, trainer, or coach. Use the dropdown box below to select the type of self-assessment you'd like to complete, then select the "Take Self-Assessment" button. If you've already completed an assessment, you can view a summary or update it by using the same dropdown box.

In each of the seven domains of the Colorado Early Childhood Educator Competencies, there are several categories of competencies, each with three levels of knowledge, skill, and application. Please read each category statement and choose your next learning step. These are not a test or a rating of good, better, best. Instead, we ask you to think about where YOU would most like to learn and grow next in your early care and education professional role.
