

# Can You Discover An Innovative Way To Fight Pollution?

**Group Name:**

## **Brainstorm:**

Which item are you going to help reduce pollution? What is the biggest problem with your item that causes pollution? How do you think you could fix the problem?

## **Sketch Your Idea:**

## **Plan:**

What materials would you need to make this work? To make a smaller model, what items would you use to make a smaller scale?

## **Final Thoughts:**

Did you run into any hiccups as you were creating your idea? What changes could be made to fix the problem?
