Public Engagement Process

- 9 City Council Briefings
- 10 Public Meetings
- 13 Alamo Treasure Roadshow Stops
- 19 Alamo Citizens Advisory Committee Meetings
- 200+ Stakeholder Meetings
- Archeology Campaign
 - 19 Briefings
 - 100K+ views on Facebook Live
- Youtube
- Facebook

Major Revisions Since May 2017

- Removal of glass walls
- Public access 24 hours a day
- Solemn space/public community space
- More shade
- Cenotaph is repaired and relocated but remains within Alamo Plaza
- Accommodates Fiesta Traditions
 - Parades
 - Allow floral tribute tradition to continue for Fiesta parades
 - More seating for parades
 - Ceremonies
 - Pilgrimage
 - Cavaliers Investiture Ceremony

The background features several concentric, curved lines in a light gray color, some solid and some dashed, creating a sense of motion or a stylized architectural element.

Alamo Plan Strategies

1. Street Closures
2. Parades
3. Cenotaph Repair and Relocation
4. Plaza Access
5. Historic Buildings

Close and limit
some streets to
pedestrian and
emergency
vehicle access.

WHY?

- Recaptures and delineates the historic mission
- Respects the historic mission footprint and battlefield
- Creates a sense of place and reverence

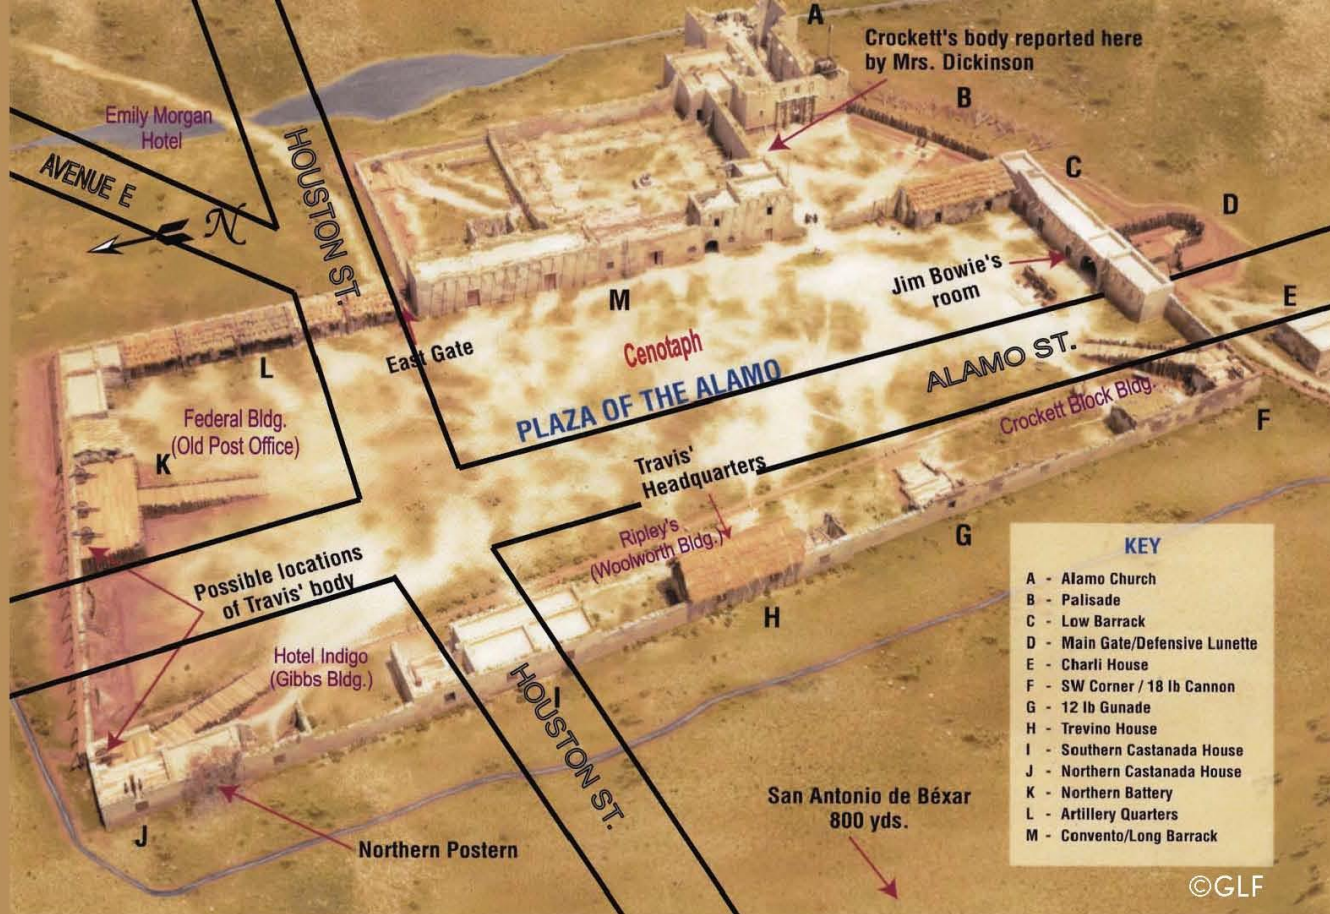

AND...

- Traffic studies indicate alternate routes can absorb current and future traffic capacity.
- Street closure will include a service and delivery plan that will be coordinated with all stakeholders.

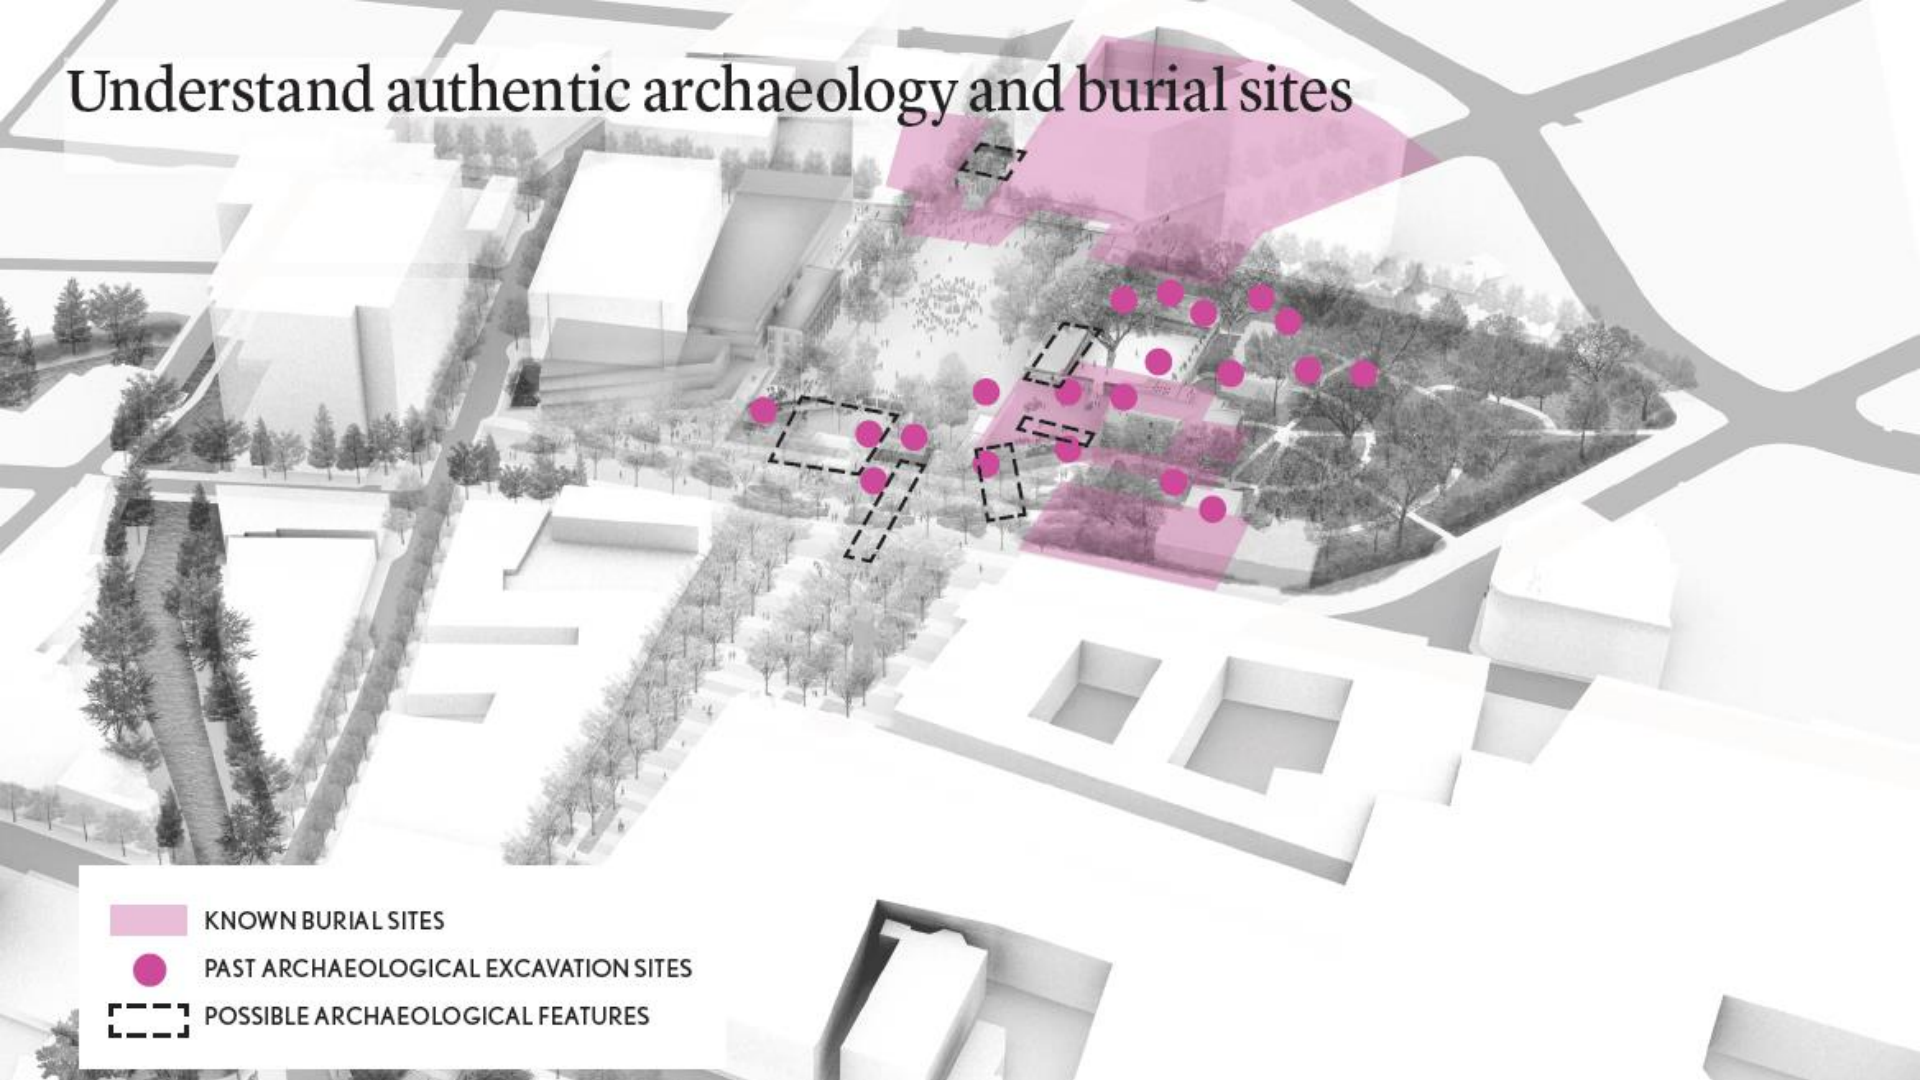

Restrict vehicular access to sections of Alamo Street, Alamo Plaza, Houston Street, Crockett Street, Blum Street (Red)

Close sections of Alamo Street, Alamo Plaza, and Houston Street (Blue)

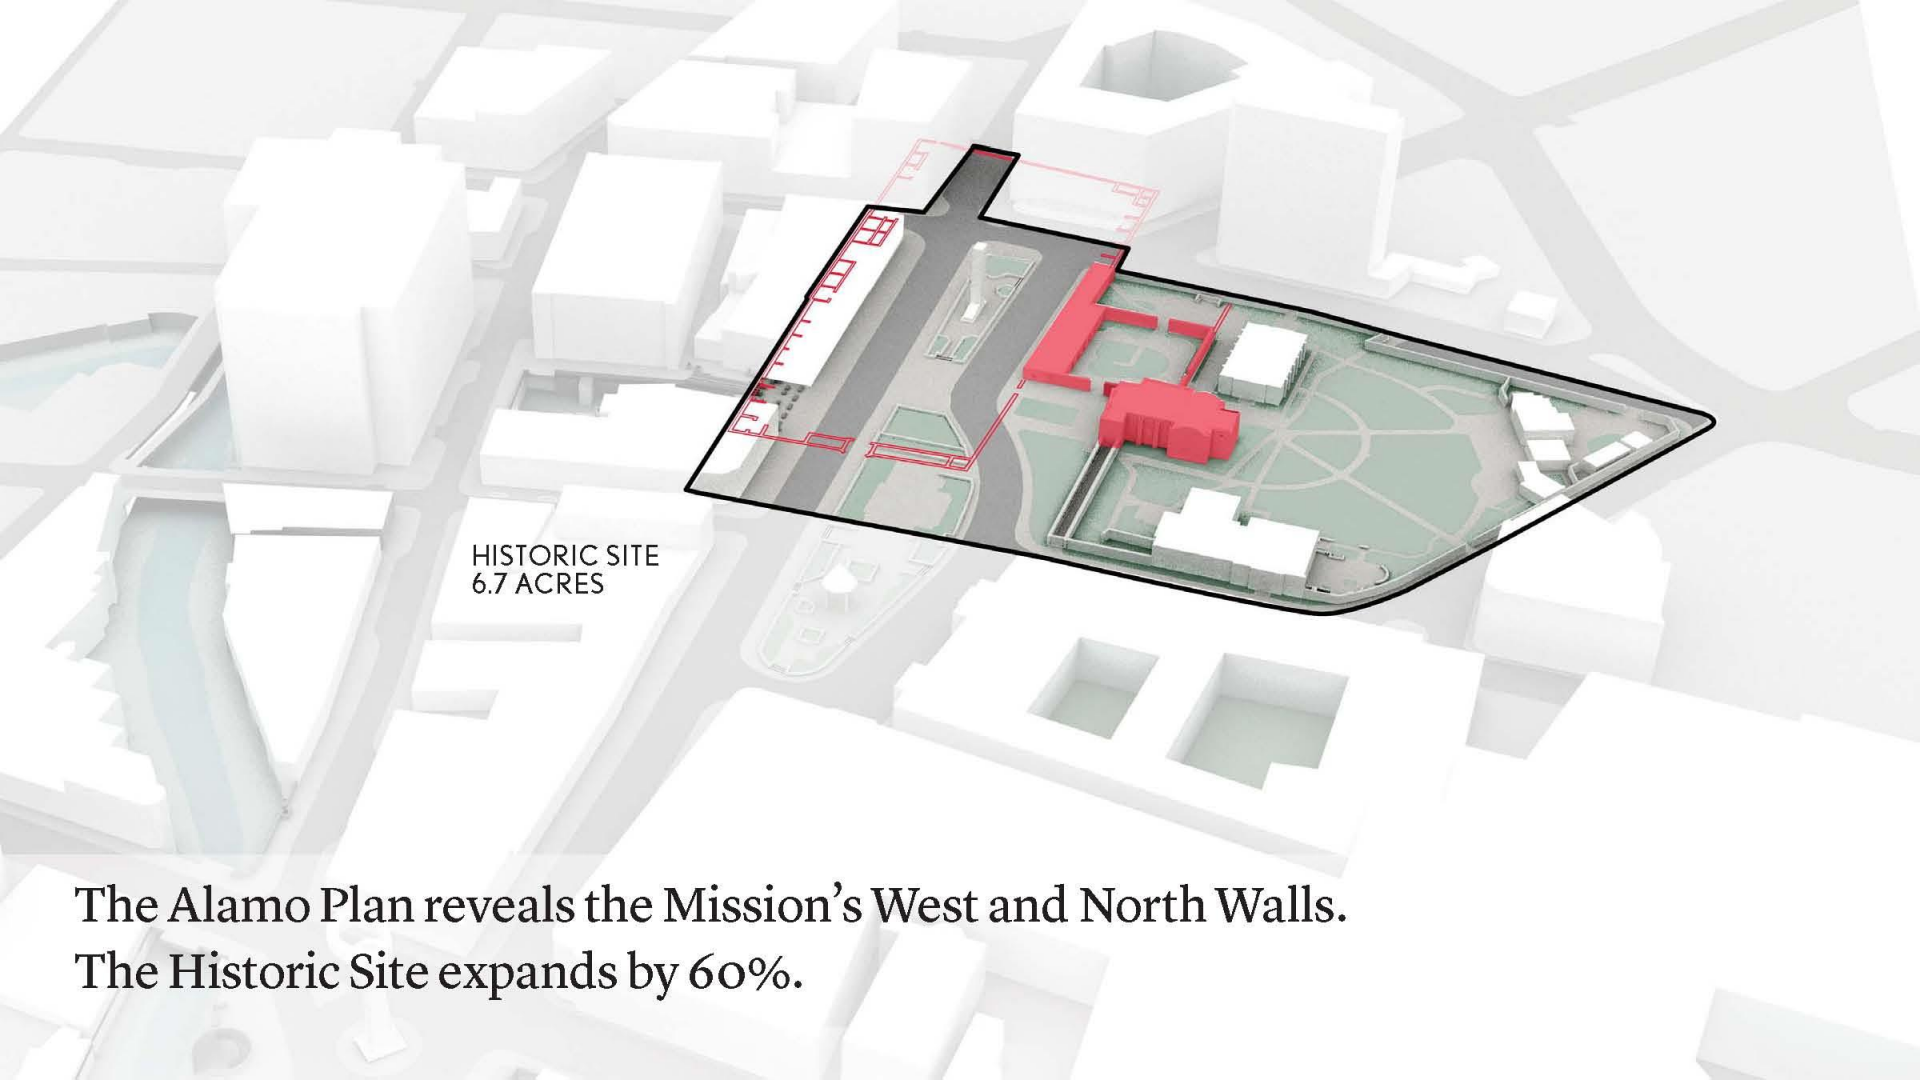

Today the city obscures layers of Alamo history.

Understand authentic archaeology and burial sites

- PAST ARCHAEOLOGICAL EXCAVATION SITES
- POSSIBLE ARCHAEOLOGICAL FEATURES

A 3D architectural rendering of the Alamo site in San Antonio, Texas. The image shows a dense urban environment with various white buildings. A specific area, outlined in black, represents the historic site, which is 6.7 acres. Within this area, several buildings are highlighted in red, indicating the expansion of the mission's walls. The site is situated near a river, which is visible on the left side of the image. The text "HISTORIC SITE 6.7 ACRES" is overlaid on the image, and a larger text block at the bottom explains the expansion.

HISTORIC SITE
6.7 ACRES

The Alamo Plan reveals the Mission's West and North Walls.
The Historic Site expands by 60%.

A 3D architectural rendering of a city plaza area. The plaza is highlighted in a semi-transparent red color, with a dashed black line indicating its boundary. Inside the plaza, there are several white building models, a green baseball field, and a central area with a large red building. The surrounding city blocks are shown in light gray with white building models. A river or canal is visible on the left side of the image.

ALAMO PLAZA
5.9 ACRES

Alamo Plaza will be an expansive, shaded pedestrian zone for gathering, public expression, and events.

Develop a new
parade route that
honors the
complete history

WHY?

- Venerates the known burial grounds
- Respects both the mission footprint and the battlefield

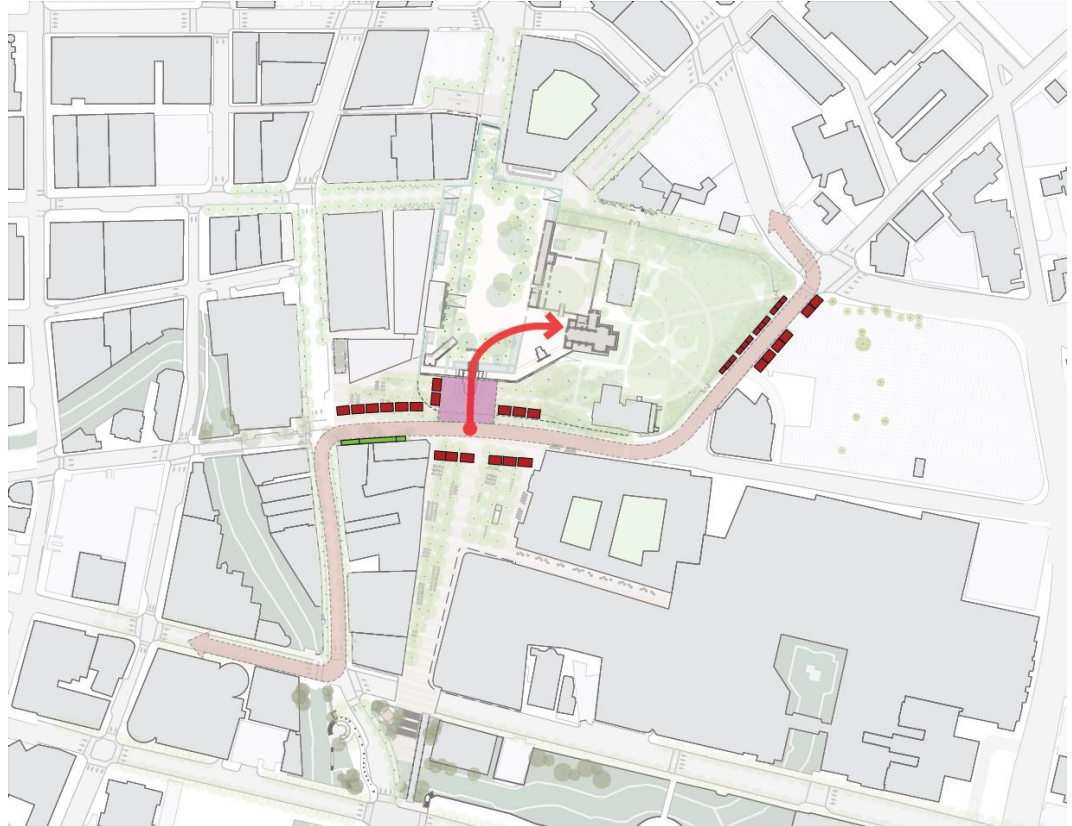

AND...

- Honors the participants of the battle of the Alamo
- Keeps the floral tribute
- Enhances seating capacity, photographic and television coverage of the parade
- Provides more shade for spectators

Parade re-route — Bonham > Losoya Street

- Maintains existing capacity;
Reuses existing seating
- Total seats + 90
- Walk to Church = + 80 ft.

-  ALAMO PLAZA BLEACHERS
-  GRANDSTAND
-  CEREMONIAL ACTIVITY ZONE

Maintain connection to Church

Enrich the procession experience

Repair and
Relocate the
Cenotaph within
Alamo Plaza

WHY?

- Clarify periods of historic significance and is aligned with earlier plans for its location
- Enable the full experience of the mission plaza through living history and programming
- Provide a space of reverence and learning for the cenotaph

AND...

- The Cenotaph will be repaired and relocated within Alamo Plaza to a place of honor and prominence
- The Cenotaph will remain a prominent feature of Alamo Plaza
- It will be relocated and repaired onsite

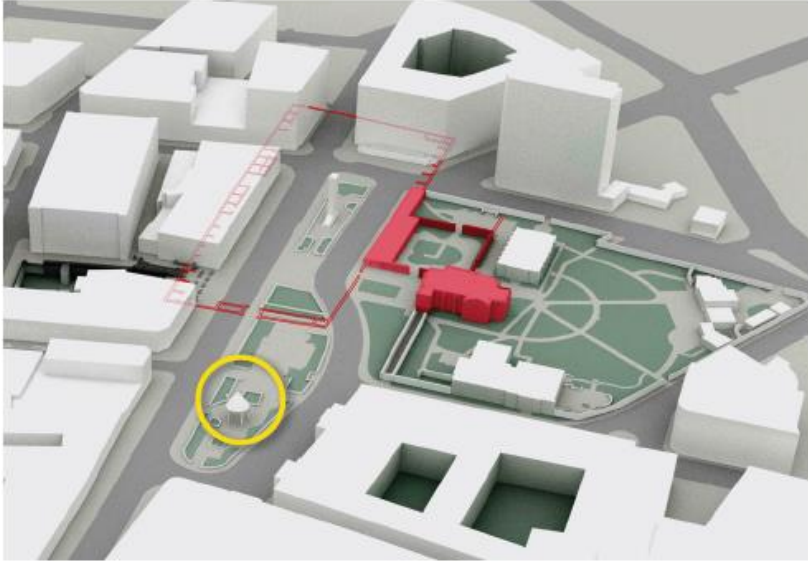

Today's location blocks views, limits space for program
and is at the wrong elevation for the lowered ground

Relocation enables space to experience the mission and battleground

Relocating the cenotaph clarifies periods of historic significance and is aligned with earlier plans for its location

EXISTING CONDITIONS*

*bandstand @ 1935 proposed cenotaph location

INTERPRETIVE PLAN

The cenotaph remains within Alamo Plaza in a prominent location

Encourage
formal point
of entry to Alamo
Plaza

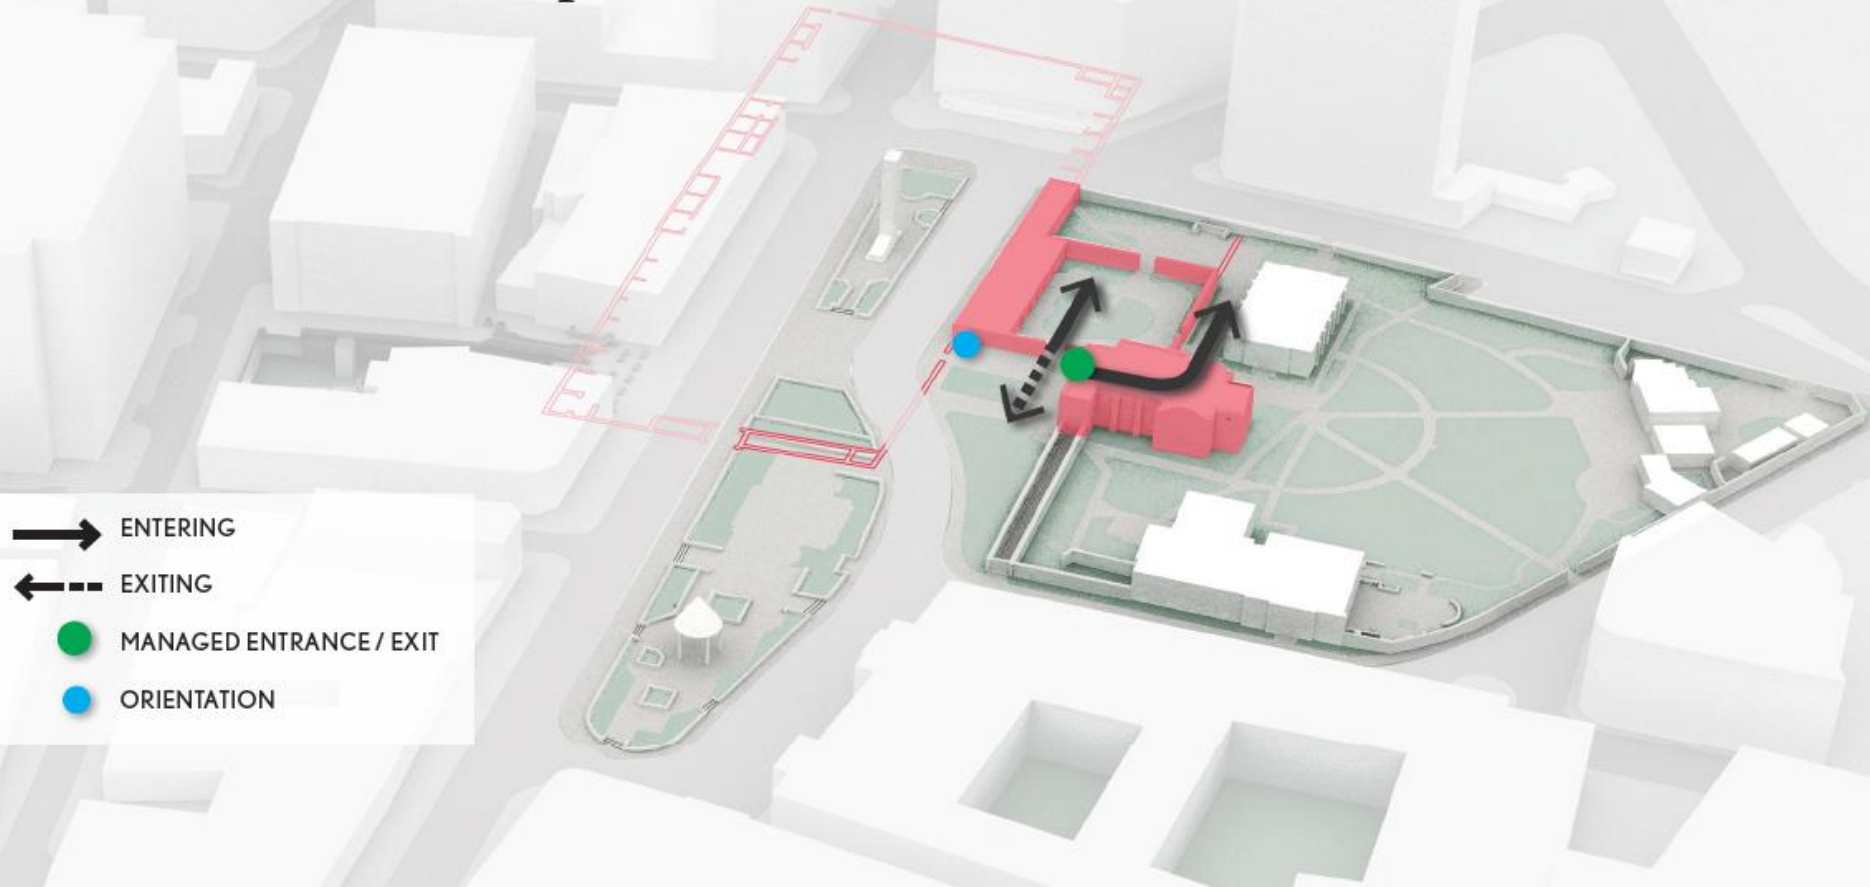

WHY?

- Enable orientation and the full experience of the open air museum during museum hours

AND...

- Public access 24/7
- Entry will be encouraged for maximum visitor experience
- 2 more points of entry during museum hours
- Plaza, gift shop and Alamo Church and Long Barrack are accessed free and open during museum hours
- 6 points of entry when museum is closed

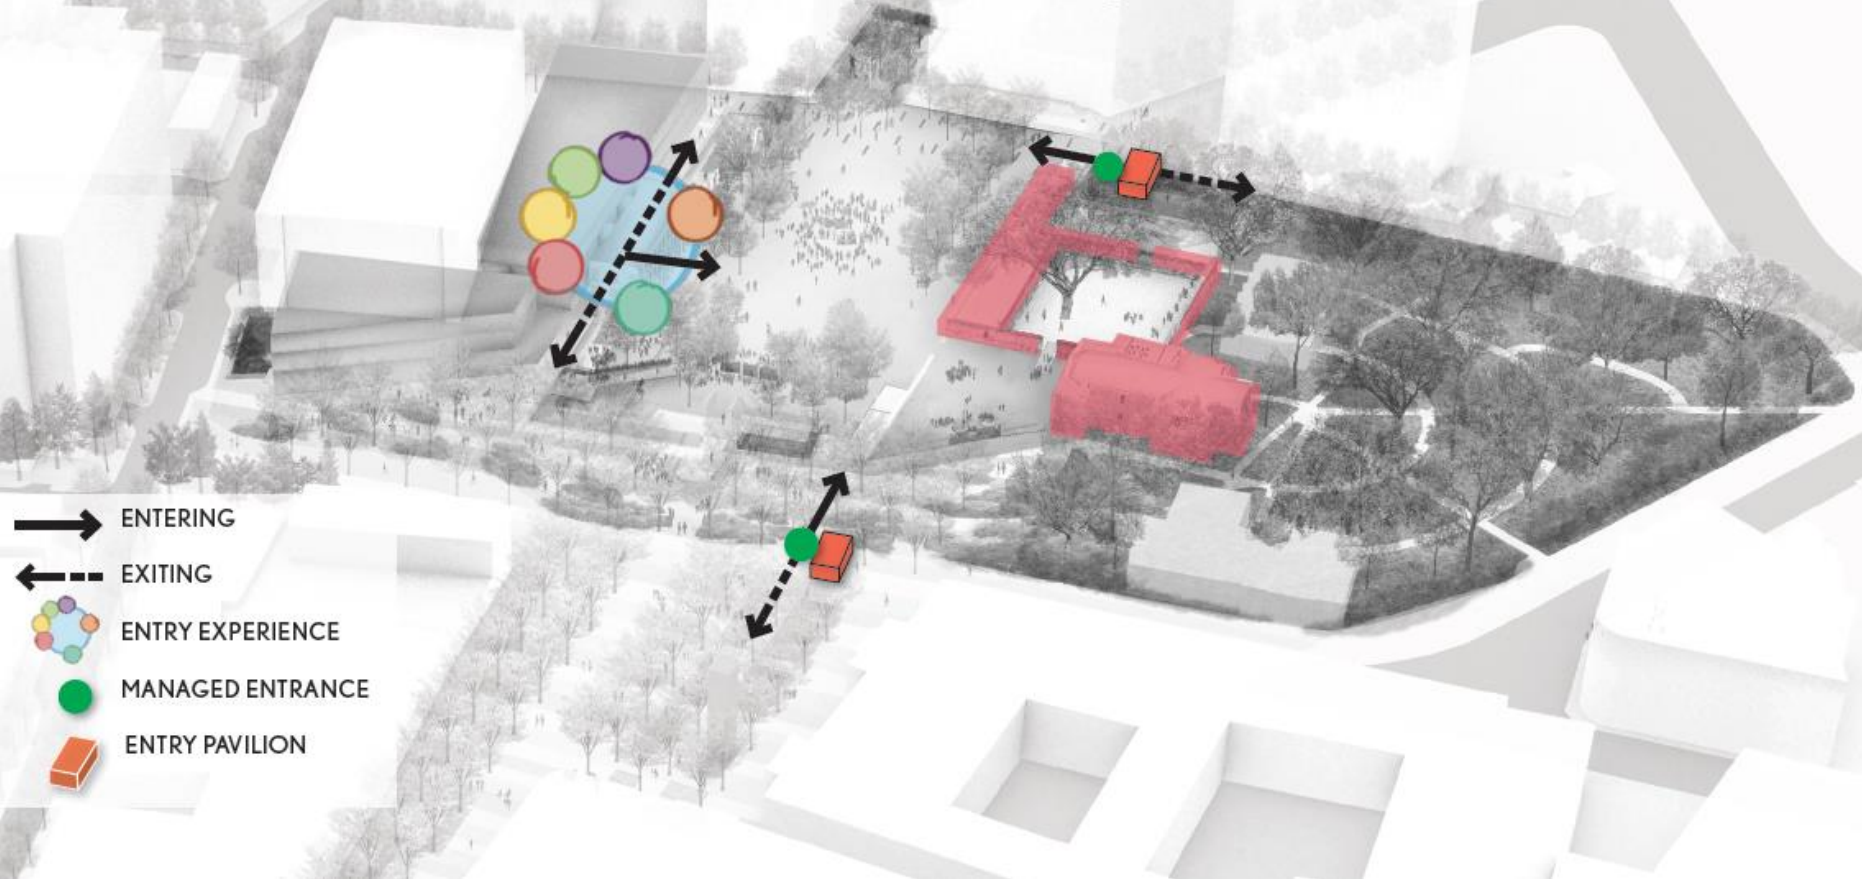

Today the primary managed entrance is separated from the orientation point

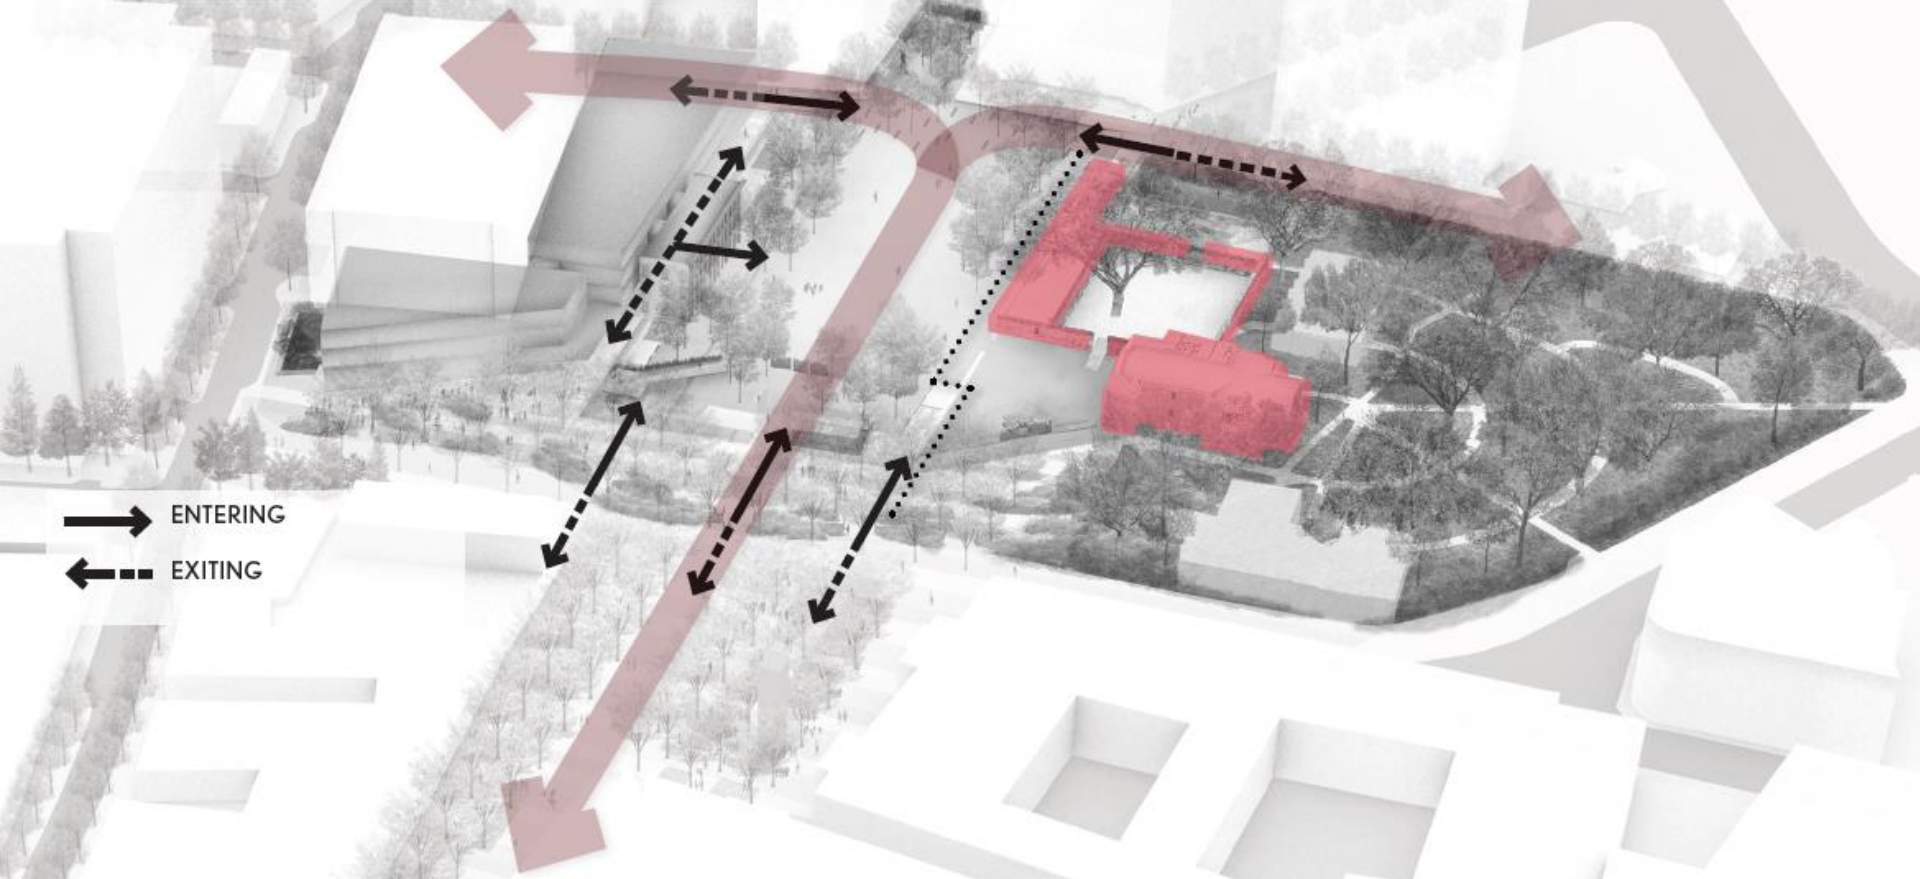

The Alamo Plan — The primary entrance includes orientation to ensure visitors understand site offering and programming

The Alamo Plan — Secondary entrances provide additional access points (dependent upon site programming)

The Alamo Plan — Multiple access points provide flexibility when Museum is closed

Assess the adaptive
reuse potential for
Crockett, Palace
and Woolworth
Buildings

- Assess each building individually according to Federal criteria.
- Document the integrity of interior and exterior features.
- Evaluate each building's significance at a world, national, state, and local level.
 - Historic
 - Cultural

Assess opportunities for reuse, including how to connect multiple floor plates

LEASE AGREEMENT WITH TEXAS GENERAL LAND OFFICE

-  Parcel A (leased to GLO and managed by GLO)
-  Parcel B (leased to GLO and managed by GLO)
-  Right of way to be limited to pedestrian and emergency vehicular use only and used as open space (managed by the City)

Lease Agreement
50 Year Term
(two 25-year extensions)

- Ensure that the Plaza area shall remain open, accessible, and free of charge to the public.
- Open two additional access/exit points during the Museum operating hours, if there is no Museum programming scheduled for the historic mission footprint or during times of high pedestrian activity.
- Open two additional access/exit points times specified in the contract that represent event days or days that we know will have high pedestrian flow.

Lease Agreement

- Ensure that the design for the planned museum within the current footprint of the Crockett, Old Palace, and Woolworth buildings is reviewed by HDRC and approved by the THC.
- Ensure that Alamo Plan recognizes and interprets the historical significance of the Woolworth building in the Civil Rights movement.
- Provide high quality programming and services that enhances the historic and cultural significance of the site and tells all the stories of people and cultures that contributed to the history to include the Texian Tejano, and indigenous cultures.

Lease Agreement

- Maintain an accessible schedule of public events and activities.
- The Alamo presently hosts over 100 military events per year. These accommodations will continue on the premises.
- Establish a process where educational or non-profit groups can request to hold events or activities within Alamo Plaza.
- Accommodate the Fiesta events traditionally held within Alamo Plaza and to reroute and reasonably accommodate for the traditions associated with the parades including the floral tributes in front of the Alamo Church.
