

SUPERFUND REDEVELOPMENT PROGRAM WEBINAR

TOP 10 QUESTIONS TO ASK WHEN BUYING A SUPERFUND SITE AND PROSPECTIVE PURCHASER INQUIRY SERVICE

In this informative webinar, hosted by EPA's Superfund Redevelopment Program and EPA's Office of Site Remediation Enforcement, you will learn about the top ten redevelopment questions that prospective purchasers and local governments ask EPA and best practices to support the return of Superfund sites back to beneficial use. Join us as we discuss two popular EPA tools: the Top 10 Questions to Ask When Buying a Superfund site fact sheet and the Superfund Redevelopment Program's Prospective Purchaser Inquiry Service. The webinar will also provide real-life lessons learned and tips for developers and local governments seeking to redevelop Superfund sites, including for solar energy development.

SPEAKERS:

Alexis Rourk Reyes, EPA Superfund Redvelopment Program
Chelsea Sebetich, EPA Superfund Redevelopment Program
Matthew Sander, EPA Office of Site Remediation Enforcement
William C. Denman, EPA Office of Superfund Remediation and Technology Innovation
Casey Luckett Snyder, EPA Region 6
Michael Goldstein, Esq., The Goldstein Environmental Law Firm
Annika Colston, AC Power LLC
