

to PREDFDA for associations that are controlled by unit owners in addition to associations that are controlled by the developer. This subsection is intended to clarify the Department’s enforcement mechanisms. While injunctive relief is one enforcement mechanism available to the Department, most, if not all, complaints will be handled through the other available mechanisms.

As the Department has provided a 60-day comment period on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

**Social Impact**

These proposed amendments, new rules, and repeals are expected to have a positive social impact and address the rights of residents living in community associations, most notably, the right to vote. Because of the significant influence community associations have over the lives of their residents, this rulemaking ensures that elections are held in a fair and open manner in these communities, thus, preventing unfair and unjust governance by appointed trustees.

**Economic Impact**

The proposed amendments, new rules, and repeals address the rights of residents living in community associations. The Department does not anticipate that the proposed amendments, new rules, and repeals will have any economic impact.

**Federal Standards Statement**

No Federal standards analysis is required because the proposed amendments, new rules, and repeals are not being proposed under the authority of, or in order to implement, comply with, or participate in any program established under Federal law or a State statute that incorporates or refers to Federal law, standards, or requirements.

**Jobs Impact**

These proposed amendments, new rules, and repeals, address the rights of residents living in community associations and are not expected to have an impact on jobs. Community association executive boards are positions that are held voluntarily.

**Agricultural Industry Impact**

The Department does not anticipate that the proposed amendments, new rules, and repeals, which address the rights of residents living in community associations, would have any effect on the agricultural industry.

**Regulatory Flexibility Statement**

The proposed amendments, new rules, and repeals do not impose reporting, recordkeeping, or other compliance requirements on small businesses, as the term is defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The proposed amendments, new rules, and repeals clarify the rights of residents living in community associations. The intent of this rulemaking is to provide residents with access to fair and open elections in the association. As community associations are not considered to be a type of business, no regulatory flexibility analysis is required for this rulemaking.

**Housing Affordability Impact Analysis**

The proposed amendments, new rules, and repeals are applicable to residents living in community associations. The rules would not likely have an impact on the average costs associated with housing or affect the affordability of housing.

**Smart Growth Development Impact Analysis**

These proposed amendments, new rules, and repeals address the rights of residents living in community associations and would not be likely to have any impact upon housing production within Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan.

**Racial and Ethnic Community Criminal Justice and Public Safety Impact**

The Department has evaluated this rulemaking and determined that it will not have an impact on pretrial detention, sentencing, probation, or parole policies concerning adults and juveniles in the State. Accordingly, no further analysis is required.

**Full text** of the rules proposed for repeal may be found in the New Jersey Administrative Code at N.J.A.C. 5:20 and 5:26-8.3.

Such notice shall specify the process for submitting nominations.

The notice may only be sent by electronic means when the affected association member or voting eligible tenant has agreed in writing to accept the notice by electronic means or when the governing documents permit electronic notices, provided another form of voting by absentee balloting or proxy voting is available. **Election Meeting Notice & Enclosures**

iv. The election meeting notice shall contain a copy of the ballot.

(1) If the bylaws permit, the notice shall include an absentee ballot with instructions for returning the ballot. If the bylaws provide for a proxy ballot, an absentee ballot shall also be included.

If this results in a vacancy on the board, the eligible candidate receiving the next highest number of votes shall be deemed to have been elected. **Write-in Slots Req.**

v. A minimum of 30 days prior to the election, the association shall notify residents who are not in good standing. Such notice shall state the reason why the resident is not in good standing. The agency proposal follows:

#### Summary

As the Department of Human Services (Department) is providing a 60-day comment period on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

The proposed amendment at N.J.A.C. 10:90-2.8(a)15 is designed to improve access to Work First New Jersey/General Assistance (WFNJ/GA) by removing a presumption of financial dependence imposed upon applicants or recipients who are claimed as dependents on their parents' or other relatives' U.S. Individual Income Tax Return but are not receiving financial or other assistance from those parents or relatives. Currently, applicants or recipients between the ages of 18 and 26, who are claimed as dependents, are prohibited from receiving WFNJ/GA, unless their circumstances have changed since being claimed as a dependent. The Division of Family Development (Division) understands that requiring an applicant or recipient to demonstrate a change in circumstances has proven arbitrarily prohibitive.

#### Social Impact

The proposed amendment will have a positive social impact on WFNJ/GA applicants and recipients between the ages of 18 and 26 who are claimed as dependents but are otherwise eligible for assistance. The proposed amendment will make WFNJ/GA benefits more accessible for these individuals.

#### Economic Impact

The proposed amendment is likely to have a minimal economic impact on the State due to a small increase in the number of WFNJ/GA recipients. There will be a significant economic impact to those individuals who will become eligible for WFNJ/GA financial assistance.

#### Federal Standards Statement

The proposed amendment is not subject to any Federal requirements or standards; therefore, a Federal standards analysis is not applicable to this rulemaking.

#### Jobs Impact

The proposed amendment will not result in the generation or loss of jobs.

#### Agriculture Industry Impact

The proposed amendment will have no impact on the agriculture industry.

#### Regulatory Flexibility Statement

The proposed amendment has been reviewed with regard to the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The proposed amendment imposes no reporting, recordkeeping, or other compliance requirements on small businesses and, thus, a regulatory flexibility analysis is not required. The proposed amendment expands WFNJ/GA eligibility.

#### Housing Affordability Impact Analysis

The proposed amendment will have an insignificant impact on the affordability of housing in New Jersey and there is an extreme unlikelihood that the proposed amendment would evoke a change in the average costs associated with housing because the proposed amendment expands access to WFNJ/GA.

#### Smart Growth Development Impact Analysis

The proposed amendment will have no impact on smart growth and there is an extreme unlikelihood that the proposed amendment would evoke a change in housing production in Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey because the proposed amendment expands access to WFNJ/GA.

#### Racial and Ethnic Community Criminal Justice and Public Safety Impact

The Department of Human Services has evaluated this rulemaking and determined that it will not have an impact on pretrial detention, sentencing, probation, or parole policies concerning adults and juveniles in the State. Accordingly, no further analysis is required.
