New Student Orientation

Even though many of you have been enrolled at Street School since April 13, 2020, you have not been physically inside our buildings attending class.

Orientation is typically the first step in learning about Street School and what to expect once enrolled.

ALL students who have *NEVER attended orientation* and have been enrolled since April 13, 2020 need to RSVP with their counselor that they will attend. Two time slots are available.
