Cloth face coverings can be difficult to breathe through when they're wet. Pool monitors are not advised to enforce as they are not licensed health professionals.

**Stay Home:**

We are requesting patrons, and swimmers to stay home (if they have symptoms of COVID-19, have tested positive for COVID-19, or were exposed to someone with COVID-19 within the last 14 days) and until they have been given medical clearance to discontinue isolation.

Onsite Management (Pool Monitors) have been advised to shut down the pool facility when they deem necessary for the safety of them, our vendors, and residents.

Onsite Management (Pool Monitors) will not address accounting issues, you must call the management office or email them during normal business hours.
