

**Blessed, Bright and Bold With An Aloha Spirit**  
**By Eleassia Davis**  
**July 2022**

**Blessed are those who avail themselves**  
Where burdens weigh heavy  
**Where uncertainty dwells**  
Blessed are those who run to help  
**Where others steer clear**  
**Where the unknown breeds fear**  
**Bright are those who shine light upon**  
The darkest moments  
**Just before the dawn**  
They bring with them hope  
**And Bold ideas**  
And brave determination  
**They do not give way to fears**  
Forward they press  
**Confident in their task**  
Recognizing the vulnerability of their own humanity  
They choose to be humble servants *first*  
**Asking questions last**  
They lean on faith  
**They lean on diligence**  
They lean on love and respect  
**For the human experience**  
They are **resilient**  
**Unified and committed**  
*They are blessed, bright and bold*  
**With an Aloha spirit...**  
They are blessed, bright and bold  
**With an Aloha spirit!**
