THURSDAY TOUR
With Colorado Tour Guides
September 9, 2021

"ON THE TRAIL OF NOTABLE WOMEN OF THE WEST"

Come travel with us for a day of spectacular scenery, cultural treasures and interesting tales of Colorado Springs, known as "Little London," past and present. At the foot of famous Pikes Peak, ("America's Mountain") this tour will feature numerous historic sites that prospered in the days after the Gold Rush, as well as contemporary sights which still make Colorado Springs very special.

With Pikes Peak as the backdrop, this tour includes a custom itinerary with special commentaries by Certified, Professional Tour Guides. Your scenic ride is via luxury motor coach, with several interesting stops along the way (plus a few surprises). You'll hear the tales of the famous (and maybe a few infamous) Colorado women, including one who named our colorful streets in foreign languages, and helped devise "Rules for Residents" which included a ban on saloons and alcoholic beverages!

However, there are just as many contemporary women in this century to hear about, who are committed to making our friendly and forward-looking city what it is today. A few highlights include a visit to the iconic U.S. Olympic and Paralympic Museum and Hall of Fame, a lovely lunch at the historic Cliff House in Manitou Springs and a stop at the Pioneer's Museum's to enjoy the exhibits, including one celebrating the City's Sesquicentennial (150 years.) This all-inclusive Tour Fare is \$112, and includes the motor coach hotel pick-up/return, private lunch, museum entrance fees, all gratuities and taxes. Please join us on this interesting and fun tour!

Just review and complete the Tour Reservation Form (separate attachment) and send payment via mail or email to: Colorado Tour Guides, LLC.
