

The Attic Golf Lounge

2020/21 Programs and Rates

Vespra Hills is happy to bring you The Attic Golf Lounge once again for the upcoming off-season. Located on the top floor of the clubhouse, The Attic provides two hitting bays with industry leading golf launch monitors for instruction and golf simulation, a full Titleist Club Fitting System, a warm and inviting lounge area with a big screen TV, and a fully operational Golf Shop. Our PGA Professional Staff are on site for lessons, club fittings, and to help with any golf needs you have throughout the winter. The Golf Shop is ready to help with any Holiday Season gifting, supplies for your winter trips, and any corporate merchandise that your company needs for 2020/21.

New for 2020/21: Any member who renews their golf membership prior to November 30, 2020, will receive one session in our Premium Bay for use between October 13, 2020 to April 18th, 2021.

Golf Simulation and Leagues

Throughout the summer we had a great time with our Men's and Ladies' leagues, and now we can carry on throughout the winter. Whether you want to play 18 holes on your own, or challenge a friend to a round, or jump into a fun 9-hole league for the winter, you can do it all at The Attic. This is the feature that most members have enjoyed the most. Golf Simulator Rounds are bookable on Tuesdays through to Saturdays.

Instructional Programs

Ben Groome, PGA of Canada Teaching Professional, will be available throughout the winter months to help take your game to the next level. The variety of instructional programs will include private sessions, specialty clinics, junior programs, and winter long coaching programs.

Fittings

Our strong relationship with Titleist continues and we are proud to offer the full Titleist Fitting Program here at Vespra Hills. Members can be fit for an entire set, or more targeted sessions such as driver, wedge, or iron fittings. With the latest in fitting equipment, industry leading launch monitors, and PGA Professionals that know you, your game, and where you play, we can confidently get you into the right equipment.

Personal Practice

Often, we simply want to put some time in to work on the tips from the last lesson, to stay loose, or just enjoy the feel of the ball on a pure shot. Personal practice time is available throughout the day and includes the use of our incredible launch monitor technology. Personal Practice time is bookable on Tuesdays through to Saturdays.
