

# ASHI VOLUNTEER SPOTLIGHT

**Aziz A Chentoufi, PhD. D(ABMLI) SKLM-Seeding Knowledge in Laboratory Medicine**

**What committee do you serve on?** Publications and International Committee

**How did you get started as a volunteer for ASHI?** I wanted to provide my support and skills to the ASHI community.

**How has volunteering for ASHI improved your professional development?** It is the best way to meet and exchange knowledge with qualified colleagues and friends.

**What is your most memorable volunteer moment?** My most memorable moment was organizing the *ASHI Speaks Your Language* webinar series with the International Committee to assist with multilingual, professional engagement.

**Why do you think it is important for others to volunteer with ASHI?** Volunteering is a way for you to give your time and effort and receive satisfaction, recognition, and appreciation.
