

Commissioner Corner, December 2022

Q: When completing a validation for NGS HLA typing what information needs to be provided to the commissioner.

A: All validations must include the information listed in Appendix I of the ARB Operations Manual. NGS validations must include the information referenced in Appendix VIII from the ARB Operations Manual, which can be found on the ASHI website at this link https://www.ashi-hla.org/resource/resmgr/accreditation/2022/2021_arb_operations_manual.pdf . NGS validations must be submitted to and approved by the commissioner prior to implementation of patient testing.
