

ASHI MEMBER SPOTLIGHT

Andrea A. Zachary, PhD
Professor of Medicine, Emerita
Retired

Graduated from: Ohio State University (BS, MS), Case Western Reserve University (PhD)

How long have you been an ASHI member?
Since its beginning >50 years

Your first ASHI meeting? I believe it was at the Monteleone in New Orleans where the projectionist told us that we could not do something we had proposed because his brother-in-law's bowling team tried to do that and found it was illegal. I made a great number of friends through HLA and have too many good memories to recount them here.

What made you decide to work in HLA? Serendipity – Bill Braun recruited me when I was a blood bank tech.

What do you find to be the most rewarding aspect of your work?
Solving puzzles- which becomes finding answers to immunologic problems that affect patients.

Tell us a fun fact about yourself: My favorite activities are bird watching, gardening, travelling, and entertaining.
