

ASHI MEMBER SPOTLIGHT

Yenhui Chang, MD, PhD
Laboratory Director of Immunogenetics
Retired from John's Hopkins ACH

Graduated from: The University of Edinburgh

How long have you been an ASHI member?
30 years

When and where was your first ASHI meeting? My first ASHI meeting was a regional ASHI meeting held in New Orleans in 1993. The SSP HLA typing was still in the early stages. I learned DNA extraction with DTAP, CTAP.

What made you decide to work in HLA? I wanted to set up a laboratory to support the Bone Marrow Transplant Program led by Dr. Robert A. Good.

What do you find to be the most rewarding aspect of your work? The most rewarding aspect of my work is saving SCID babies with bone marrow transplants.

Fun fact: I like to travel because I want to see the world.
