

# **ASHI VOLUNTEER SPOTLIGHT**

**Nicholas R. DiPaola, PhD, F(ACHI)**  
**Houston Methodist Hospital**

**What committee(s) do you serve on?**  
Bylaws and Directors' Affairs Committee

**How did you get started as a volunteer for ASHI?**  
It was recommended that I join a committee at my first ASHI meeting in 2005.

**How has volunteering for ASHI improved your professional development?**  
It has allowed me to interact with individuals from across the country and build relationships I would not have had the opportunity to do otherwise.

**What is your most memorable volunteer moment?** It would be literally my first committee meeting where I had the honor to meet Dr. Geoffrey Land. Once he heard that I was training to be a director, he imparted valuable advice on how to view my role in transplantation. I remember it to this day.

**Why do you think it is important for others to volunteer with ASHI?** You get so much more out of the experience than one can realize.
