

Free Money for Our Business Members and Lake County students!

One of the ways the Willoughby Western Lake County is supporting local workforce initiatives is supporting our members with scholarship money to help train their employees. Each quarter, **we offer four \$500 scholarships** available for you to use to uptrain an employee or train a new employee. In most cases, this more than pays for your membership dues! Please take advantage of this opportunity and click on this link:

<https://wwlcchamber.com/membership/business-student-scholarships/> to learn more about this great Chamber of Commerce benefit!

Also, for local students training in these high demand fields:

- Advanced Manufacturing (CNC Machining, Welding, Precision Grinding, Electronic Engineering Technology)
- Industrial
- Maintenance
- Information
- Technology
- Computer Science
- Manual Machining
- Healthcare
- Skilled Trades/Tech Prep
- First Responders
- Teachers
- Pilots and aviation mechanics

the Willoughby Western Lake County Chamber of Commerce **offers four \$1500 scholarships each semester to high school students or college students** paying for classes to train them in the above positions.

We need more young people training in these high demand careers and support these efforts by financially supporting local students training in these positions.
