Do It All Cleaning

Founded by Jeremy and Stephanie Floyd in 2019, Do It All Cleaning, located at 1920 E. 296th Street, Wickliffe, was born from a thought process of looking at the cleaning industry's shortcomings, and saying to ourselves: We can do it better!

It was important to run our own sustainable business to please people who want to live and work in a clean environment. Our crews are made up of family members, and clients become like our extended family.

We are a hands-on, family-run business that treats our customers like family, too. We come up with a plan that will fit within our clients' budgets. We are also proud to give back to the community. $10 of every job booked is donated to a local food bank.

Being a member of the Chamber of Commerce provides us with the opportunity to network with other businesses and to grow our business within our community.
