Craig Foster completes Community Leadership Program

Craig Foster, marketing officer for Capon Valley Bank, recently graduated from the Top of Virginia Regional Chamber's Community Leadership Program.

The Community Leadership Program is designed to develop informed and engaged leaders by providing participants with a deeper understanding of the businesses, organizations, and institutions that help shape the Northern Shenandoah Valley. Throughout the program, participants explored topics including economic development, local government, education, healthcare, public safety, and nonprofit services.

"Participating in the Community Leadership Program was an excellent opportunity to learn more about our region and connect with other community leaders," said Foster. "I gained valuable insight into the challenges and opportunities facing our communities and look forward to applying what I've learned both professionally and through future community involvement."

As marketing officer for Capon Valley Bank, Foster is responsible for the bank's marketing, communications, community outreach, and public relations efforts throughout Virginia and West Virginia.
