

ACCESS SCHOOL MENUS WITH THE NEW SCHOOL CAFÉ

School Café is:

- **Easy:** All you need is your personal e-mail address and school name to open an account.
- **Convenient:** Once your account is created, you can easily check what's on the menu, including nutritional information.
- **On-the-Go:** The mobile app can be downloaded in Google Play or the Apple Store so you can easily access school menus from your cell phone or tablet.

This year we have a new and improved way for parents, students and staff to access school meal menus. School Café is the one-stop shop for information and services from DPS' Food and Nutrition Services department. Download the School Café App at Google Play or Apple Store.

Menus are now available on School Café! View your student's school menu through your School Café account or as a guest at www.SchoolCafe.com/DPS. See the reverse side of this flier for details on how to access school menus.

The menus now have a number of features including:

- Nutritional information
- Allergen information
- Option to print a PDF of the menu
- Ability to make a sample tray with your student
