Living Our DPS Honoree:

Brooke Reves

Physical Education Teacher, DCIS at Fairmont

Students First

“At DCIS at Fairmont, Brooke Reves is a leader when it comes to putting Students First! She works tirelessly to ensure all of our students are developing healthy habits and relationships. Her work with students around mindfulness has greatly contributed to our low discipline rate by helping our students cope with some of the challenges they face at home that prevent them from being successful in the classroom. Brooke constantly goes above and beyond to provide our students with outdoor-related experiences that push them out of their comfort zones and help them gain confidence. From launching a community Health Expo, to organizing our Love Your Neighbor Fun Run, to taking a group of kids to Winter Park for their first experience in the mountains, Brooke is a remarkable teacher with a huge heart!”

- **Vanessa Lugo Acevedo, DCIS at Fairmont**
