Dear Self-Direction Participants, Families, Brokers, and Interested Parties,

We are pleased to invite you to attend one of two upcoming informational sessions hosted by Person Centered Care Services (PCCS) regarding our Day Habilitation without Walls program.

The purpose of these sessions is to provide an overview of our Day Habilitation with Walls services, including program structure, supports offered, and how these services may align with individual goals and needs. While the primary focus of the sessions will be Day Habilitation, a small portion of each session will also include general discussion related to employment and residential services.
