

National Alliance for Drug Endangered Children Presents
17th National Drug Endangered Children Conference:
Coming Together for Help, Hope, & Support

August 29-31, 2023
Kansas City, Missouri

National Drug Endangered Children Conference

August 29-31, 2023

Downtown Marriott, Kansas City, Missouri

200 W. 12th Street, Kansas City, Missouri 64105

The 17th National Drug Endangered Children Conference will provide information and training for professionals and community members helping children impacted by familial substance use and/or drug activity. The conference will spotlight critical and emerging issues, strategies and best practices, collaborative partnerships, and other topics relevant to enhancing and improving prevention, identification, response, intervention, services, and support to victims across the nation.
