

May 29, 2026

Dear Valued Customer,

At McKesson Medical-Surgical, we are committed to supporting your patient care with dependable service, quality products, and competitive pricing.

You may have recently received a communication regarding the introduction of a credit card processing fee. As we begin to implement this change, the fee will be applied in a phased and targeted manner. Based on how your account is currently structured, this fee **does not apply to your account.**

We will continue to communicate proactively should anything change in the future. As a reminder, ACH and debit card payments remain fee-free options.

Thank you for choosing us as your trusted distribution partner.

Sincerely,

McKesson Medical-Surgical
